

## BOMB PLACED BY THE BLACK HAND

Society of Italian Murderers Believed to Be Responsible for Horror in New York.

### TWENTY PERSONS KILLED

NOISE OF EXPLOSION CAUSED A PANIC.

New York, July 29.—Shocking loss of human life and destruction of property estimated at more than \$1,000,000 was caused by fires in New York and its immediate vicinity in the twenty-four hours ending at 8 o'clock this morning. Twenty persons are dead and fifteen suffering from injuries as a result of the burning of a six-story double tenement in Chrystie street, and financial loss resulted from the destruction of the Long Beach hotel at Long Beach today, and the stepphase park and other property at Coney Island yesterday. In addition, the steamship Hamilton of the Old Dominion line, came into port yesterday with part of her hold ablaze. The Hamilton was at her dock before any of the passengers knew there was a fire on board. The flames were extinguished after about \$15,000 damage had been done.

#### Dynamite Outrage.

The explosion of a bomb, placed, the police believe, by agents of the Black Hand in an Italian grocery store on Chrystie street, started the fire which swept through the Italian tenement and destroyed the lives of a score of people and injured fifteen others. The noise of the explosion caused a panic in the densely populated district. The police say that many perished in the flames, fearing to escape to the streets, where they believed death awaited them from the dreaded Black Hand. A second explosion from a kerosene tank followed and the whole lower floor was a mass of flames. The fire shot up the stairways, cutting off all escape from those in the bedrooms above.

#### Fire Escapes Clogged.

Many rushed to the fire escapes, which became clogged with frightened people. The house was filled with dense smoke and the flames rushing up stairs drove the half crazed people toward the roof. The flames killed many as they were about to be rescued from the roof, while others were overcome by smoke. There were many heroic rescues by firemen. The bodies of the dead were found in all manner of places. Four women were discovered dead in a closet where they had rushed to for refuge from the flames, which found them out. The body of one woman was lying over a child as though she had tried to protect it from the flames. Five bodies were found crowded around one doorway upon the top floor, showing that they had been struck down while trying to escape.

#### Coney Island Blaze.

The fire waves struck Coney Island yesterday and before it subsided Stepphase park a score of hotels and many amusements were in flames. The next fire was the steamship fire. Then came the Chrystie street tenement and next the Long Beach hotel was destroyed. The 800 guests were all in their beds when the flames were discovered, but all left the building in safety.

#### APPROVED AT WASHINGTON.

(Special to The Herald.) Washington, July 29.—The president has approved the action of the acting secretary of the interior of approving a map and the land acquisition bill filed by the state of Wyoming in support of its application under the act of Aug. 18, 1894, for the segregation of 30, 387 acres of land in townships 15, 16 and 17 north, range 104 and 105 west, in the Cheyenne land district, to be irrigated and reclaimed by the enlargement of the North Platte and Encampment canals. The state has ten years from date of approval of the map in which to reclaim the lands and secure patent for them. This action is taken under the provisions of the Carey act.

#### FOURTH TRIAL OF POWERS.

Georgetown, Ky., July 29.—For the fourth time Caleb Powers was placed on trial here today charged with complicity in the murder of William Goebel, with Special Judge J. J. Robbins upon the bench. Counsel for Powers entered a motion and filed an affidavit in its support to have the sitting judge sworn off the bench. To consider the affidavit, court was adjourned until tomorrow.

#### A SCIENTIFIC BREAKFAST Easily Prepared.

Rightly selected food will alone cure many diseases. Try a scientific and healthy breakfast: Fruit of some kind, preferably cooked; a dairy product, such as milk with cream; two soft-boiled eggs, (put two eggs in a tin pint cup of boiling water, cover and set off for nine minutes—whites will then be the consistency of cream and most easily digested); slice of hard crisp toast, cup of Postum Food Coffee.

On that breakfast you can work like a horse and be perfectly nourished until noon. Your nervous troubles, heart palpitation, stomach and bowel troubles, kidney complaints and various other disorders will gradually disappear and firm solid health will set in.

Why? You have probably been living on poorly selected food, that is, food that does not contain the required elements the body needs. That sort of food, and coffee, is the direct or indirect cause of more than half the ills the human body acquires.

Grape-Nuts is a perfectly cooked food and both that and the Postum Food Coffee contains fine microscopic particles of phosphate of potash obtained in a natural way from the grains of the field and by scientific food experts incorporated into food and drink. That element joins with the albumen in food to make gray matter, which is the filling of the brain cells and the nerve centers throughout the human body.

A man or woman thus fed is scientifically fed and rapidly grows in vigor and vitality, and becomes capable of conducting successfully the affairs of life. To produce a perfect body and a money-making brain, the body must have the right kind of food and the expert food specialist knows how to make it. That is Grape-Nuts and the Postum Food Coffee, produced at the pure food factories of the Postum Co., at Battle Creek, Mich. Road "The Road to Wellville," in packages. "There's a Reason."

## FOLK PROMPT TO ACT

Governor of Missouri Takes the Official Seal of Kansas City Police Commissioner.

Kansas City, Mo., July 29.—Frank F. Rozelle, police commissioner, was summarily removed this afternoon by order of Governor Folk. The governor had first requested the commissioner's resignation because of their disagreement over the reappointment of John Hayes as chief of police, who is opposed by the governor, but later he ousted the commissioner from office.

Kansas City, Mo., July 29.—The request of Governor Folk for the resignation of Commissioner Rozelle grows out of a fight on Chief of Police John Hayes. Governor Folk is understood to be dissatisfied with the administration of Hayes. Rozelle said last week he was ready to vote with Mayor Bardsley to reappoint Chief Hayes, but A. E. Gallagher, the third commissioner, asked for delay until today. Rozelle and Gallagher were appointed police commissioners by Governor Folk two years ago.

Jefferson City, Mo., July 29.—Governor Folk, in the course of a statement in reference to the removal of Commissioner Rozelle, said: "The investigation of the Kansas City police department has shown an alliance between the police department and notorious thieves whereby those thieves are protected under the 'stool pigeon' theory that they can be used to catch other thieves. The idea that the police department should be in partnership with crooks and thieves is abhorrent of every sense of right. It has been shown that police officers receive extra compensation from the Metropolitan Street Railway company for investigating in cases in which the street car company is concerned."

## BULLET ENDED HER CAREER

Suicide of Miss Laura Matthews, a Young Actress, at Colorado Springs.

Colorado Springs, Colo., July 29.—The body of Miss Laura Matthews of New York city was found lying in a lane near Ivywild early this morning with a bullet hole through her head. Miss Matthews and her maid arrived in Colorado Springs several days ago and had had apartments at the Acacia hotel. Last evening Miss Matthews ordered a saddlehorse and rode in the direction of Ivywild. This was the last seen of her alive. Peculiar circumstances surrounding the finding of the body of Miss Matthews gave rise to the belief that murder had been committed, but later developments indicated suicide. Miss Matthews was a well known musical comedy actress, 19 years of age. It is said she had been engaged to a wealthy Chicagoan and was despondent because of his failure to fulfill his promise of marriage.

Kansas City, July 29.—Miss Laura Matthews was the daughter of Mrs. Jennie Matthews of this city. She had been on the stage only a short time and played small parts.

Continued from Page 1.

trial, and did not see how any one could be found guilty on Orchard's testimony. Every crime he charged was one he himself suggested, and it was shown he was in communication with the mine owners and attempting to induce the defendants to engage in crime.

#### COMMENT OF LONDON PRESS.

Revelations During Trial Show Startling Condition of Affairs.

London, July 29.—Commenting upon the result of the trial of William D. Haywood at Boise, the Chronicle says today:

"The state of society revealed by the trial is more treacherous and is likely to be more lasting. From beginning to end it reveals a condition of brutal rapacity, confronted with savage despairing violence, a condition that gives America's boasted civilization a very dubious look."

The Daily News says: "From the outset the question has been complicated by the fierce prejudices of a kind of smoldering class war. The whole movement both in the relations of the trial and its accompaniments in public excitement has illustrated the insecurity of authority in America and the profound skepticism concerning the identity of law and justice." Both the News and the Chronicle predict that it will cost him dear.

#### CELEBRATION AT BINGHAM.

Union Men Rejoice Over the Acquittal of W. D. Haywood.

(Special to The Herald.) Bingham, July 29.—A great mass meeting of the miners' union, I. W. W. and Mill and Smelters' union was held here this evening at Smith's hall in celebration of the acquittal of W. D. Haywood. The meeting was presided over by a parade with nearly 1,000 men and union sympathizers in line. Judge A. J. Weber was the principal speaker of the evening. Charles Stewart introduced Mr. Weber and dwelt particularly on the work of the Socialists and the successful outcome of the trial. Judge Weber began his address with a glowing tribute to the American flag. He said in part that he

## EXPLOSION OF ENGINE BOILER

Freight Train on Southern Pacific Main Line Wrecked at Berkeley, Cal.

### TWO MEN BADLY INJURED

SIGHT CAUSES AN OFFICER TO LOSE HIS REASON.

Berkeley, Cal., July 29.—Engineer James McLaughlin and Irving McAfee, fireman, were seriously injured at 5 o'clock this morning when the boiler of engine No. 2690, pulling a heavy Oakland-bound freight, exploded with terrific force on the main Southern Pacific line just outside of West Berkeley.

The greater portion of the train was derailed and heavy oil cars were piled in heaps along the track. The engineer and fireman both leaped a second after the explosion occurred. McAfee was the most severely injured. His left leg was broken and his face and body badly lacerated. Engineer McLaughlin was scalded by escaping steam and his condition is serious. Both men were removed to the Central hospital, Oakland.

#### Was Making Fast Time.

The freight train was traveling at the rate of thirty-five miles an hour when the explosion occurred. The crown sheet tore up the track in front of the moving engine. Steam skidded upward, cutting a telegraph pole in two and burying itself in a vacant field adjoining the track.

The engine, although riding the ties, remained in upright position. The momentum of the heavy train behind telescoped several big oil cars. The railroad officials are investigating the cause of the wreck.

Special Railroad Policeman Peter Bracken was arrested at the scene of the wreck by local Policemen Davis, who acted on orders of the conductor of the derailed train. Bracken seemed much excited and, it is charged, had poked his gun in the face of the driver of the ambulance wagon, threatening to shoot while the latter was aiding the injured engineer and fireman. The sight of the wreck and the suffering of the injured men is believed to have unnerved the special officer.

## HADES SCARCELY HOTTER.

Thermometer Registered 179 Degrees in the Sun in Texas.

McGregor, Tex., July 29.—A terrific heat visitation, which lasted an hour and twenty minutes yesterday, is reported. The thermometer registered 179 degrees in the sun and 137 in the shade. An area of three miles long and two miles wide was affected. The visitation was accompanied by a peculiar haze hanging like a veil in the sky which moved over the area affected. Scores of persons were overcome. Horses, cattle, hogs and poultry dropped dead, one man lost a leg thirty-five head of stock. The phenomenon has not been explained.

## KILLED BY ACCIDENT.

Dr. A. W. Vonbenson the Victim of His Own Carelessness.

(Special to The Herald.) Goldfield, Nev., July 29.—Dr. A. W. Vonbenson, prominent physician of Mina, was killed by the accidental discharge of a shotgun at Atwood yesterday while he was visiting with him at the time. The remains were taken to Oakland for burial.

A. S. Kendall treats diseases of animals without the use of therapeutics, bacteriology or histology. No diplomas, no red tape. Practical knowledge; thirty years' experience. Office, McCoy's stables. Both phones 81.

#### CONFESSED HIS CRIME.

Kenton, O., July 29.—Thomas Black, lawyer and mayor for two terms, gave himself up to the sheriff today and asked to be placed behind the bars. Black acknowledged the forgery of papers involving \$28,000. His operations extend over a period of nine years.

was an American citizen, born within its shadow, and admonished the citizens of Bingham and Utah to live up to the laws of the country as they were laid down in the constitution and the statutes and to express the dissent of the existing laws by the ballot rather than by riot and bloodshed. The speech was received with rounds of applause. William White and G. G. Locke, president and secretary respectively of the Miners' union, and W. H. Wright and F. J. Perry, president and secretary of the Mill and Smelters' union, were the committee on arrangements.

#### Rejoicing at Rhyolite.

Rhyolite, Nev., July 29.—The miners' union held a big demonstration here last night on account of Haywood's acquittal. The miners at the neighboring camps flocked in by the hundreds and several thousand people were present at the open air meeting. Rhyolite is the main town formed in procession and paraded the main streets of the city. There is general rejoicing among the labor unions over the verdict of the Boise jury.

#### Congratulations.

Philadelphia, July 29.—The Iron Moulders' union of North America today telegraphed William D. Haywood congratulating him upon his acquittal.

#### Made No Comment.

Oyster Bay, N. Y., July 29.—Without comment, President Roosevelt made public the following telegram received by him today referring to the verdict in the Haywood murder trial at Boise, Ida.: "New York, July 29. President Roosevelt: Undesirable citizens victorious. Rejoice. Emma Goldman. Alexander Berkman. Hippolyte Haven."
